Our Collaboration

Maine Children's Trust was originally created by statute in 1985. In 1994, legislation was enacted that transformed the Trust into a 501(c)3 non-profit governed by a Board of Directors. The Trust provides leadership and coordination of efforts throughout Maine to prevent child abuse and neglect before it occurs. The Trust provides funding and supports for prevention programming, as well as coordinates statewide collaborative initiatives to strengthen families. The Trust is also the state chapter for Prevent Child Abuse America.

The Department of Health and Human Services, Office of Child and Family Services contracts with Maine Children's Trust to coordinate the Prevention Councils located in each county in Maine.
